

SPU-Wireless Network Access

SPU-Wireless is available only to current students, faculty and staff.

How to Connect to SPU-Wireless

1. Associate your device with the "SPU-Wireless" SSID.
2. When prompted for a network key or password, type **SPU-Wireless** (exactly the same as the network SSID).
3. On many devices a splash page will appear prompting you to login with your SPU Username and Password. (If no page appears, launch a web browser and surf around until a sign-in page prompts for your SPU credentials.)

SPU-Guests Internet Access

SPU-Guests is available only to campus guests and visitors.

How to Connect to SPU-Guests

1. Associate your device with the "SPU-Guests" SSID.
2. A splash page will appear prompting you to register by email or SMS (text). If no splash page appears, open a web browser and surf until one does.
3. Follow the instructions on the login page and **confirm your registration** by responding to the email or text message you receive.

Once registered, guest access will persist for 30 days.
